DETAILED ACTION

Response to Arguments

1. Applicant's arguments, see After Final Rejection, filed 9/16/04, with respect to claims 1-10 have been fully considered and are persuasive. The rejections and the objections of claims 1-10 have been withdrawn.

Reasons for Allowance

2. Claims 1-10 are allowed over the prior art of record.

3. The following is an Examiner's Statement of Reasons for Allowance: The Examiner agrees with the arguments presented in the After Final Amendment filed on 9/16/04, see page 2, lines 15-37. The prior art of record does not teach "a half-toner/compositor to composite image plane data; the half-toner/compositor including: a dot merger unit taking bits from the respective planes as inputs; and a color mask register holding masking bits in number equal to the number of image planes; respective input bits to the dot merger unit being ANDed with respective color mask register bits and the resultant bits Ored together to form an output bit in a channel for which there is an ink at the print head". Therefore the application is in conditions for allowance.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably **accompany** the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
